

Name: _____

I plan to hand out a sheet similar to this one each day of class listing the learning objectives for the day. Below the line is where you will answer the end-of-lecture questions. Make sure to fill in your name as you will be handing these in for a pass/fail grade during class.

- LO 1.** Identify key elements of the course structure from the syllabus. Inquire about any unclear points or potential concerns.
 - LO 2.** Record dates of exams, due-dates for projects/essays, and location of resources such as the course website and office hours.
 - LO 3.** Describe at a high-level the three components of the data analysis pipeline.
 - LO 4.** Install **R** and **RStudio** on your laptop computer. Communicate any difficulty you have with this process.
-
